

SIZE DETERMINATION

Measure your length diagonally from your shoulder to your waist or thigh. If you like your cell phone to hang at your waist, measure from shoulder to waist. If you want your cell phone to hang at your upper thigh, then measure from shoulder to thigh. Doubling the length will tell you which strap size to purchase:

Sizes:

- 4ft. 6 inches (54 inches)
- 5 feet (60 inches)
- 6 feet (72 inches)
- 7 feet (84 inches), special plus size.

Shoulder to Waist

2ft. 3 inches (27") x 2 =
4ft. 6 inches (54")

Shoulder to Thigh

2ft. 6 inches (30") x
2 = 5ft. (60")
